INTRODUCTION

The 1993-94 Estimates set out details of the operating and capital spending requirements of ministries for the year commencing April 1st, 1993 and constitute the Government's formal request to the Legislature for approval of the expenditures involved. Once approved by the Legislature in the Supply Act, the Estimates become the legal spending authority for each ministry.

The 1993 Budget provides for total operating expenditure of \$50.0 billion, including \$4.0 billion in reductions from the Expenditure Control Plan and \$2.0 billion from the Social Contract negotiations. The 1993-94 ministry Estimates include the \$4.0 billion in Expenditure Control Plan savings and will subsequently be adjusted to fully reflect the \$2.0 billion in measures resulting from Social Contract negotiations. Adjusted ministry expenditures reflecting sectoral Social Contract savings are outlined in Summary Table 1. Final adjusted Estimates will be provided to the Legislature once specific program details have been finalized.

The services or Programs which ministries are responsible for delivering are each identified by a unique vote number within the Estimates. Votes in turn are sub-divided into items or activities in order to distinguish between their different functions. This program/activity structure permits the Legislature to be more specific in appropriating funds to particular services. Within each activity, expenditures are shown by standard account, i.e. salaries and wages, employee benefits, transportation and communication, services, transfer payments etc. (see explanatory notes on page vii).

For comparative purposes, Estimates and Actual amounts for prior years are provided on program summary and activity summary pages. These amounts are restated to provide comparability where functional reorganizations and transfers, Supplementary Estimates or accounting changes have occurred. The Estimates also contain summary tables which outline data on expenditures as well as staffing.

A reconciliation statement is shown on each Ministry's program summary page to relate previously published Estimates and Public Accounts actuals to any restated amounts.

Where it is necessary to seek the Legislature's approval for additional expenditures after the tabling of the Main Estimates, Supplementary Estimates may be tabled.

IV. — CABINET OFFICE

SUMMARY

The Cabinet Office is the central agency which supports the Premier, his Cabinet and its committees in their efforts to set the broad direction and priorities of the Government, and in the determination of its legislative program. It co-ordinates the government's policy initiatives and provides support to the Premier and Cabinet on Order-in-Council appointments, Premier's Correspondence, Freedom of Information requests and other administrative issues. The primary clients served by the Office are the Premier, Cabinet and other central agencies and line ministries; however, some functions (such as Orders-in-Council, Freedom of Information and Premier's Correspondence) have direct contact with the public.

The Cabinet Office also advises on administrative/operational matters for the Office of the Premier and for other organizational units not directly attached to ministries, such as the Office of the Government House Leader.

The Premier's Councils report to the Premier and are funded through the Cabinet Office.

The Advisory Councils advise the Ontario Government on policies, practices and services related to citizenship and multiculturalism, disability issues, and seniors' issues.

The Boards of Inquiry Office is responsible for providing all professional and administrative services to the Boards of Inquiry — adjudicators appointed by the Minister of Citizenship to hear complaints under the Ontario Human Rights Code (1981).

The Office of the Employment Equity Commissioner advises the Government, specifically the Minister of Citizenship, on implementation of mandatory employment equity legislation and issues associated with employment equity; advises, in an ongoing manner, on regulations pursuant to the legislation; develops and implements a comprehensive public education strategy and coordinates public education on employment equity with related ministries and agencies; conducts research and prepares supportive materials, including guidelines which complement the regulations; and provides vision and goals in the planning, transition, and creation of the Employment Equity Commission and Tribunal.

The Ontario Human Rights Commission creates a climate of understanding and mutual respect in which individuals are made to feel equal in dignity and rights, as well as protects Ontarians from unlawful discrimination and provides a remedy for those whose rights have been violated.

PROPERTY ASSESSMENT PROGRAM:

This program determines the valuation of all real property and prepares assessment rolls for purposes of taxation by local governments. Where assessment information has changed from the previous notification, assessment notices are issued to confirm to taxpayers the revised assessment values and the allocation of school support. The program provides an equitable basis of assessment for the distribution of provincial grants and subsidies to municipalities and school boards and the collection of Provincial Land Tax. In municipal election years, the program conducts a municipal enumeration to facilitate the production of preliminary voters' lists and municipal census data.

XVII. — MINISTRY OF HOUSING

SUMMARY

The Ministry of Housing, in partnership with other levels of government, other ministries, the private sector, and community-based non-profit groups, works to meet Ontario's needs for affordable, safe, secure and suitable homes in healthy, balanced communities. The Ministry promotes an increased supply of affordable housing through a number of community based non-profit programs. Through the Ontario Housing Corporation and non-profit and cooperative housing sponsors, the Ministry provides capital assistance for, and subsidizes the operation of, socially assisted housing units, including units for residents with special needs. It provides advocacy support for affordable housing, works with other Ontario Government agencies to optimize the use of government land for housing, and with other ministries to streamline and reform the land use planning process and housing development regulatory environment. The Ministry of Housing also provides financial assistance for the rehabilitation of the existing housing stock, and the modification of housing to meet the needs of disabled persons. It administers the Rent Control Act, which regulates residential rents and provides for tenant protection and adequate building maintenance, and the Rental Housing Protection Act, which controls rental conversions, demolitions and renovations. The Ministry is responsible for the Ontario Building Code and the Ontario Plumbing Code, which regulate the construction and renovation of all buildings in the Province to ensure high standards of building safety, health and accessibility, while facilitating cost-effective approaches for building construction and renovation.

XIX. — MINISTRY OF LABOUR

SUMMARY

The mission of the Ministry of Labour is to advance safe, fair and harmonious workplace practices which are essential to the social and economic well-being of the people of Ontario. In this context, the Ministry develops, administers, enforces and adjudicates laws and regulations to establish and maintain: workplace standards for the people of Ontario; safe, healthy work environments; fair and effective assistance in the event of workplace injury or disease; the right of employees to seek representation and of unions to bargain collectively; constructive and harmonious labour-management relations; beneficial adjustment assistance for displaced workers; and equity in the workplace. All people of Ontario have a contribution to make to the vitality of the province's labour force irrespective of differences and in celebration of diversity.

To achieve this, our commitments to the public are: to develop policies and legislation through effective consultation; to ensure that programs and services are responsive to a changing community and to labour market needs; to foster self-reliance among employers, employees and their representatives to establish and sustain safe workplaces and fair employment practices; to generate public support for equitable workplaces and harmonious employer-employee relations; to provide the public with the information it needs to understand its rights and obligations established in legislation; and to assure the protection of workers through the effective enforcement of legislation.

LABOUR RELATIONS PROGRAM:

The Ontario Labour Relations Board is a quasi-judicial tribunal responsible for administration primarily of the Labour Relations Act. The Board encourages the practices and procedures of collective bargaining between employers and trade unions as the freely designated representatives of employees, to further harmonious relations between employers and employees. The Board is also entrusted with the responsibility of protecting employees in exercising their fundamental rights under such statutes as the Occupational Health and Safety Act and the Environmental Protection Act.

The four statutory tribunals comprising the Public Service Appeal Boards function as independent quasi-judicial tribunals to oversee the labour relations of Ontario crown employees. They include the Ontario Public Service Labour Relations Tribunal, the Crown Employees Grievance Settlement Board, the Public Service Grievance Board and the Classification Rating Committees.

INTRODUCTION

The 1993-94 Estimates set out details of the operating and capital spending requirements of ministries for the year commencing April 1st, 1993 and constitute the Government's formal request to the Legislature for approval of the expenditures involved. Once approved by the Legislature in the Supply Act, the Estimates become the legal spending authority for each ministry.

The 1993 Budget provides for total operating expenditure of \$50.0 billion, including \$4.0 billion in reductions from the Expenditure Control Plan and \$2.0 billion from the Social Contract negotiations. The 1993-94 ministry Estimates include the \$4.0 billion in Expenditure Control Plan savings and the \$2.0 billion in measures resulting from Social Contract implementation.

The services or Programs which ministries are responsible for delivering are each identified by a unique vote number within the Estimates. Votes in turn are sub-divided into items or activities in order to distinguish between their different functions. This program/activity structure permits the Legislature to be more specific in appropriating funds to particular services. Within each activity, expenditures are shown by standard account, i.e. salaries and wages, employee benefits, transportation and communication, services, transfer payments etc. (see explanatory notes on page vi).

For comparative purposes, Estimates and Actual amounts for prior years are provided on program summary and activity summary pages. These amounts are restated to provide comparability where functional reorganizations and transfers, Supplementary Estimates or accounting changes have occurred. The Estimates also contain summary tables which outline data on expenditures as well as staffing.

A reconciliation statement is shown on each Ministry's program summary page to relate previously published Estimates and Public Accounts actuals to any restated amounts.

Where it is necessary to seek the Legislature's approval for additional expenditures after the tabling of the Main Estimates, Supplementary Estimates may be tabled.

XXVI. - OMBUDSMAN ONTARIO

SUMMARY

The role and responsibilities of the Ombudsman are set out in the Ombudsman Act. The Ombudsman may investigate complaints about the Provincial government or one of its more than 500 agencies, boards or commissions and recommend corrective action to be taken in those cases where the Ombudsman decides that there is substance to the complaint. These concerns may be raised by individuals or on the Ombudsman's own motion because of some action that has been taken or neglected by an official, or from some decision or recommendation which is alleged to be unfair, unreasonable or arbitrary. The Ombudsman is an officer of the Legislature; she is independent and neutral of the political process and of the bureaucracy. The Ombudsman submits an annual report to the Legislature and can issue special reports as appropriate. Every inquiry is responded to and a professional referral system is used and constantly updated and enlarged. To ensure accessibility, nine district offices are located throughout the province and a toll-free number is available. All services are free to the public and information received is kept confidential.
